

MS AGARWAL FOUNDRIES PVT. LTD.

Sustainable Procurement Policy

We, at MS Agarwal Foundries Pvt. Ltd., are committed to Responsible and Sustainable Procurement by integrating environmental, social, and ethical principles into our sourcing decisions to create long-term value for our stakeholders and society. This policy is applicable to all value chain partners, employees, workers, and relevant stakeholders.

To accomplish the above, we focus on:

M - Maintaining No Harm to Environment and People

Prioritizing workforce health & safety, reducing carbon emissions, waste, and pollution, optimizing energy and water usage, and promoting resource efficiency, circular practices (Reduce, Reuse, Recycle), and community development.

S - Sustainable & Responsible Sourcing

Procuring from suppliers who follow legal, ethical, and environmentally responsible practices, including the responsible sourcing of metals and raw materials.

A - Adherence, Accountability & Transparency

Ensuring compliance with legal and statutory requirements, upholding human rights and fair labor practices, maintaining zero tolerance for child labor, forced labor, and corruption, and promoting transparency.

F - Future-Ready & Responsible Supply Chain

Developing supplier capabilities, mitigating risks, encouraging continuous improvement and innovation, and building a resilient and sustainable supply chain aligned with global standards.

Commitment:

Developing supplier capabilities, mitigating risks, encouraging continuous improvement and innovation, and building a resilient and sustainable supply chain aligned with global standards.
